EUROPEAN PSYCHIATRIC REVIEW

MEDIA PACK

Overview

European Psychiatric Review is a peer-reviewed bi-annual journal comprising review articles, case reports, practice guides, theoretical discussions and original research. It features balanced and comprehensive articles written by leading authorities addressing the most important and salient developments in the field of psychiatry.

European Psychiatric Review endeavours to support physicians, clinicians and related healthcare professionals in continuously developing their knowledge, effectiveness and productivity.

Issues per annum: 2 (Summer and Winter)

Editorial Expertise

European Psychiatric Review is supported by various levels of expertise:

- Overall direction from an Editor in Chief.
- Guidance from an Editorial Board consisting of leading authorities from a variety of psychiatric disciplines.
- Invited contributors are recognised authorities from their respective fields.
- Peer review conducted by experts appointed for their experience and knowledge of a specific topic.
- An experienced team of Editors and Technical Editors.
